### **Le Westin brings extraordinary meetings and events to Montreal**

Le Westin Montréal's meeting space features natural light, spectacular views and amenities that are sure to exceed any group's expectations.

The new Le Westin Montréal takes events to the next level with 40,000 square feet of meeting space on the eighth, ninth and eleventh floors of the historic building that once housed the Montréal Gazette. Located directly across from Le Palais des Congrès, Le Westin's unique event space features the only ballrooms in the city filled with natural light from 20-ft high floor-to-ceiling windows. The stunning 1,500 sq.-ft open-air terrace overlooking the city provides guests with a spectacular view of the Montréal skyline and a chance to catch a breath of fresh air.

The meeting space at Le Westin Montréal was designed to truly accommodate the needs of today's meeting and events planner with three dedicated high-speed elevators, designated banquet kitchens located on each ballroom floor and enough space to meet and feed 400 guests. Each of the 39 meeting rooms at Le Westin are equipped with high speed Internet and an on-site Technology Concierge to guide meeting planners every step of the way.

Open for only a few months, Le Westin Montréal is already exceeding group expectations, providing the ultimate in style, service, amenities, technology and functionality.
